

Child Friendly Safeguarding Policy

All the adults in school think that our health, safety and happiness is very important.

In our school, **respect** is a core value and adults will help to protect your rights.

The adults will do their best to help you make progress in your learning.

You will learn how to recognise risks and dangers in different situations and how to protect yourself and stay safe.

Our school will provide a safe environment for you to learn, play
And grow!

We all want to help you to stay safe at home and in school.

All Children
deserve to feel...

Need to talk?

It is important that you know where to go to get help if you are worried or unhappy about something.

You can talk to any adult in school, they are here to help and we will listen to all of your concerns. **Remember your Safe Network**

You can put your name in the 'Worry Monster' and your teacher, Mrs Hill or McCubbin will speak to you, listen to your worries and help to try and solve them.

There is also a special number called **ChildLine** you can call; they listen to worries too.

Don't forget there are lots of helpful links on the school website. [Home - Heath Primary School](#)
